

KEIM INNOTOP®

THE ALLROUNDER FOR INTERIOR APPLICATION.
MINERAL PAINT CAN BE SO EASY.

KEIM INNOTOP®

TOP EASY, TOP SAFE

OPEN THE BUCKET – PAINT – READY!

KEIM Innotop, a tried and tested, sol-silicate based interior paint from KEIM. Top easy and top safe! It makes painting really enjoyable! Suitable for render, plasterboard, old paint coatings, woodchip wallpaper, new and old substrates, wall and ceiling, living and working areas. KEIM Innotop is the allrounder for interiors. A filled variant of KEIM Innotop is available to equalise inhomogeneous substrates.

Convince yourself of KEIM Innotop's high performance. The pleasant whiteness, the amazingly simple workability and last but not least a fantastic painting result will for sure get you totally enthusiastic about. Of course, KEIM Innotop provides all the advantages and properties of an interior silicate paint like all KEIM paints:

- Easy to work with
- Fantastic hiding power
- Safe result
- Perfect building physics
- Pleasant whiteness
- No solvents or plasticisers
- No preservatives added
- Mineral-matt appearance
- Optimum price-quality ratio
- Wet abrasion resistance, class 3

KEIM Innotop has an excellent consistence for corners and edges. The paint has a particularly easy flow and is highly efficient.
